INDEX OF ABSTRACTS OF TUBERCULOSIS

Abdominal streptothricosis, Thoracic and, 79
—— tuberculosis with extreme emaciation, 43
Abscess, Lung, 71
Acid-fast bacilli, Examination of sputum for, 36
—— ——, Gram staining of, 15
Acquired bronchiectasis, Aetiology of, 73
Action, Inhibiting, of blood on tubercle bacilli, 117
—— of ultraviolet rays on skin, 64
Active principle of tuberculin, Precipitation of, 25
Activity, Evolution, and regression in tuberculosis, 106
Acute bilateral spontaneous pneumothorax, 42
—— congestive pulmonary oedema, 73
—— laryngotracheobronchitis, 70
Addison's disease, Hypoglycaemia in, 49
Adhesions, pleural, Separation of, 58
——, pleuritic, Cauterization of, 58
Adult, apical tuberculosis in, Development of, 7
Adults, Onset of pulmonary tuberculosis in, 4
——, Tracheobronchial tuberculosis in, 42
Aetiology of acquired bronchiectasis, 73
After-effects of surgical treatment of pulmonary tuberculosis, 57
Albino rat, Testicular tuberculin reaction in, 29
Alexander, H. Anatomical evolution of pulmonary tuberculosis, 105
Allergic diseases, Heredity in, 70
—— irritability and resistance to tuberculosis, Correlation of, 26
Allergy and immunity, Relation between, 26
—— —— serum anaphylaxis, 127
—— —— strain specificity of tubercle bacilli, 128
——, cutaneous, Nonspecific factors influencing, 27
Allman, D. B. Female genital tuberculosis, 49
Allonal in pulmonary tuberculosis, 69
Alpine resorts, Climatic treatment of tuberculosis in, 55
Altitude and basal metabolism and red-cell sedimentation, 9
Altschuler, M. M. Costa reaction in bone and joint tuberculosis, 46
Alvarez, M. G. Ultraviolet rays in tuberculosis of infants, 65
Alveolar epithelium in sputum, 37
—— oxygen in tuberculosis, 113
—— phagocyte, Origin of, 3
Ameba: see Amoeba.
Amoeba, Effect of derivatives of tubercle bacilli on, 28
Amoebiasis and tuberculosis, 81
Amrein, O. Climatic treatment of tuberculosis in Alpine resorts, 55
——, ——. Infraclavicular infiltrations of lungs, 107
Analysis of Ferran's anti-alpha vaccine, Critical, 122
Anaphylaxis, serum, Allergy and, 127
Anatomical evolution of pulmonary tuberculosis, 105
Anatomy of primary focus in lung, 104
——, Pathological, of healed pulmonary tuberculosis, 5
——, ——, —— pulmonary tuberculosis, 103
André and de Looze. Bilateral pneumothorax in child, 61
Anergy, Tuberculin, in lymphogranulomatosis, 30
Anthony and Kowitz. Basal metabolism in pulmonary tuberculosis, 9
Anthracosis, pulmonary, Development of, 80
Anti-alpha vaccine, Ferran's, Critical analysis of, 122
Antigen, Besredka's, Complement fixation with, 38
——, residual, Treatment of pulmonary tuberculosis with, 56
Antituberculosis campaign in South America, 89
Apex, lung, tuberculous infection of, path of, Pleural, 110

Apical and infraclavicular infiltrations, 107
—— tuberculosis, Arthritis of costotransverse joints simulating, 45
—— ——, Development of, in adult, 7
Armand-Delille, P. Splenic extract in pulmonary tuberculosis in children, 99
——, ——., and Lestocquoy, C. Pulmonary tuberculosis in young children, 95
Army recruits, Roentgenological chest survey of, 89
Aronson, J. D. Spontaneous tuberculosis in snakes, 100
Arteries, pulmonary, Thrombosis of, 110
Arthritis of costotransverse joints simulating apical tuberculosis, 45
Artificial-light treatment of pulmonary tuberculosis, 63
—— —— —— tuberculosis, 62
Artificial maintenance of hypersensitiveness to tuberculin, 127
—— pneumothorax, 58
—— —— and haemoptysis, 60
—— ——, Bilateral, 61
—— ——, Effusions in, 60
—— ——, Selection of cases for, 59
—— ——, shock in, Refill, 59
Aschoff, L. Pulmonary tuberculosis, 101
Aspects, Social, of tuberculosis, 83
Asthma as remote effect of tuberculosis, 70
——, treatment of, Peptone, 70
Athletic training, Healing in pulmonary tuberculosis during, 110
Atypical intestinal tuberculosis, 44
Avian, human and bovine tuberculin reactions in children, 97
—— tubercle bacillus, pathogenicity of, Experimental, 118
—— tuberculosis in man, Bovine and, 120
Azoulay and Tribout. Roentgenography of normal lung, 33

Bab, W. Blindness of tuberculous origin, 44
Bacilli, acid-fast, Examination of sputum for, 36
——, ——, Gram staining of, 15
——, tubercle, Counting of, 17
——, ——, Cultivation of, from circulating blood, 118
Bacilli, tubercle, Demonstration of, in young children with pulmonary tuberculosis, 98
——, ——, derivatives of, Effect of, on amoeba, 28
——, ——, Elimination of, 14
——, ——, in cerebrospinal fluid, Demonstration of, 118
——, ——, —— infants' stools, 94
——, ——, —— organs of rabbit, 12
——, ——, Inhibiting action of blood on, 117
——, ——, Iron and citrate in culture media for, 16
——, ——, strain specificity of, Allergy and, 128
——, ——, Transport of, to lymph nodes, 111
——, ——, Viability of, in septic tank, 118
Bacillus, tubercle, avian, pathogenicity of, Experimental, 118
——, ——, Cellular reactions to derivatives of, 1
——, ——, Filterability of, 18, 20, 21
——, ——, Laboratory investigation of, 116
——, ——, Metabolism of, 117
Bacmeister, A. Origin of chronic pulmonary tuberculosis, 4
Bacterial flora, Tracheobronchial, 14
—— split-products, Effect of protein and, 28
Balance, water, Pleuritis and, 115
Balyeat, R. M. Heredity in allergic diseases, 70
Barbier, H. Infantile tuberculosis, 92
Bartholin's gland, Tuberculosis of, 49
Basal metabolism and red-cell sedimentation, Altitude and, 9
—— —— in pulmonary tuberculosis, 9
Bastai, P. Tuberculin anergy in lymphogranulomatosis, 30
Baum, H. L. Acute laryngotracheobronchitis, 70
Belgian Congo, Tuberculosis in, 86
Belgium, Positive tuberculin skin reactions in, 85
——, Tuberculosis mortality in, 85
Benefits of vita glass, 65
Benign tumors of bronchus, 75
Benzyl cinnamic ester in tuberculosis, 68
Berg, W. Death following phrenic-nerve evulsion, 57

Berlin, A. I. Complement fixation with Besredka's antigen, 38
Bernard, Olivier and Thayer. Alveolar oxygen in tuberculosis, 113
Besredka's antigen, Complement fixation with, 38
Bialokur, F. Asthma as remote effect of tuberculosis, 70
Biester, H. E., and Murray, C. So called no-lesion reactors among cattle, 99
Bilateral artificial pneumothorax, 61
—— pneumothorax in child, 61
—— renal tuberculosis, 47
—— spontaneous pneumothorax, Acute, 42
Billa, M., and Gate, J. Bronchial spirochaetosis, 78
Bingold, K. Cultivation of tubercle bacilli from circulating blood, 118
Biological problems in heliotherapy, Physical and, 62
Blair, J. E. Testicular tuberculin reaction in albino rat, 29
Blaschke, K., and Maendl, H. Exacerbation of tuberculin reaction by therapeutic serum, 126
Blindness of tuberculous origin, 44
Bloedorn, W. A., and Dickens, P. F. Dangers of ephedrine in heart failure, 80
Blood cells, red, Effect of light on, 66
—— chemistry, Effect of irradiation on, 65
——, circulating, Cultivation of tubercle bacilli from, 118
—— groups and tuberculosis, 115
——, Inhibiting action of, on tubercle bacilli, 117
Blumenberg, W. Anatomy of primary focus in lung, 104
——, ——., and Wiening, H. Counting of tubercle bacilli, 17
Body, Spread of tuberculosis in, 5
Bone and joint tuberculosis, Costa reaction in, 46
——, Formation of, in experimental tuberculosis, 110
Borger, J. H. Control of tuberculosis in cattle, 99
Bosanquet, W. Dreyer's vaccine in pulmonary tuberculosis, 56
Bovine and avian tuberculosis in man, 120
Bovine tuberculin reactions, Avian, human and, in children, 97
Bradley, J. I., and Ghormley, R. K. Prognostic signs of Pott's disease, 45
Breast, Tuberculosis of, in male, 40
Brominized oil in tuberculosis, 35
Bronchial spirochaetosis, 78
Bronchiectasis, acquired, Aetiology of, 73
Bronchomoniliasis, 78
Bronchomycosis, 78
Bronchoscopic diagnosis of primary cancer of lung, 77
Bronchoscopy, 35
Bronchus, traumatic separation of, Complete, 71
——, tumors of, Benign, 75
Brown, W. H. Effect of light on rabbits, 68
Brunwin, A. D., Cox, G. L., and Stewart, J. L. Artificial-light treatment of tuberculosis, 62
Bucher, C. J. Tracheobronchial bacterial flora, 14
Burrell, L. S. T. Treatment of pulmonary tuberculosis with sanocrysin, 69, 70
Butler, P. F., and Dana, H. W. Diaphragmatic excursions, 8, 112

Calcific pulmonary tuberculosis, Disseminated, with longstanding fever, 108
Calcium-parathyroid treatment of tuberculosis, 69
Calcium, Serum-, in experimental tuberculosis in rabbits, 12
Calmette. Tuberculosis prevention since Laennec, 82
Campaign, Antituberculosis, in South America, 89
Cancer, Combined pulmonary tuberculosis, 78
—— of lung, diagnosis of, X-ray, 76
—— —— ——, primary, diagnosis of, Bronchoscopic, 77
Cancerous cavities of lung, 77
Capacity of lupus patients for work, 51
Carbohydrates in tuberculosis, 9
Carson, A. J. Tuberculosis of myocardium, 43
Cases, cavity, Prognosis in, 82
—— for artificial pneumothorax, Selection of, 59

Cattle, So called no-lesion reactors among, 99
——, tuberculosis in, Control of, 99
Caussade, G., and Tardieu, A. Acute congestive pulmonary oedema, 73
Cauterization of pleuritic adhesions, 58
Cavities in pulmonary tuberculosis, 109
—— of lung, Cancerous, 77
Cavity cases, Prognosis in, 82
——, tuberculous, Primary, 7
Cell, dust, pulmonary, Origin of, 2
Cells, blood, red, Effect of light on, 66
Cellular reactions to derivatives of tubercle bacillus, 1
Cerebrospinal fluid, tubercle bacilli in, Demonstration of, 118
Certified diagnosis of tuberculosis, 30
Chabaud, J. Meteorological factors and tuberculosis, 91
Chadwick, H. D., and Zacks, D. Tuberculous infection among Massachusetts school children, 84
Changes of posture, Effects of, on chest volume, 8
Chemistry, blood, Effect of irradiation on, 65
Chest, examination of, Lateral posture in, 32
—— survey, Roentgenological, of army recruits, 89
—— volume, Effects of changes of posture on, 8
Chiesman, W. E., and Hebert, G. T. Tuberculous empyema, 41
Child, Bilateral pneumothorax in, 61
Childhood, Tuberculosis in, 96
——, —— ——, Open, 96
——, —— ——, treatment of, Ultraviolet radiation in, 98
——, tuberculous infection in, Primary, 97
Children, Early diagnosis and treatment of pulmonary tuberculosis in, 98
——, Mediastinal diaphragmatic pleurisy in, 97
——, Pulmonary sequellae of tonsillectomy in, 71
——, pulmonary tuberculosis in, Splenic extract in, 99
——, school, Massachusetts, Tuberculous infection among, 84
——, tuberculin reactions in, Avian, human and bovine, 97
Children, tuberculosis of, Lipoids (Lipatran) in, 98
——, young, Pulmonary tuberculosis in, 95
——, ——, with pulmonary tuberculosis, Demonstration of tubercle bacilli in, 98
Cholesterol, Influence of, on experimental tuberculosis, 11
Chromium plating, hazards in, Health, 80
Chronic pleural complications, Treatment of, 41
—— pulmonary tuberculosis, Origin of, 4
—— —— ——, Treatment of, 53
—— tuberculosis, treatment of, Gerson diet in, 56
Cinnamic ester, Benzyl, in tuberculosis, 68
Circulating blood, Cultivation of tubercle bacilli from, 118
Citrate in culture media for tubercle bacilli, Iron and, 16
Climatic treatment of tuberculosis in Alpine resorts, 55
Cline, S. Early diagnosis of laryngeal tuberculosis, 40
Collapse, Massive, of lung, 71
Colonies for tuberculous, 55
Combined pulmonary tuberculosis and cancer, 78
Complement fixation with Besredka's antigen, 38
Complete traumatic separation of bronchus, 71
Complications, pleural, chronic, treatment of, 41
Congestive pulmonary oedema, Acute, 73
Congo, Belgian, Tuberculosis in, 86
